Forest Grove Elementary School School Accountability Report Card Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at http://www.cde.ca.gov/ta/ac/sa/.
- For additional information about the school, parents and community members should contact the school principal or the district
 office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

Forest Grove School seeks to provide a quality educational program for each of its students. We recognize that the school serves students of different backgrounds, abilities and interests. We are committed to offering challenging programs in a positive educational environment that develops individual students to their greatest potential. This environment fosters mutual respect, communication and compassion within the entire school community.

Forest Grove's Mission Statement was written with the belief that every child is entitled to an optimum learning and educational experience. Not stated, yet understood in this statement, is the fact that children have different educational needs and challenges at each grade level. The staff has written Core Values statements which convey both the philosophy and the commitment of the faculty to the students, each other, parents, and the greater community.

Early primary grades (K-2) focus on beginning reading, language arts and mathematical concepts and skills. Third grade is a transitional year between skill development and concept application. In language arts the transition is from learning to read to reading to learn. There is an emphasis on encouraging independent personal responsibility. The intermediate grades (4-5) emphasize core curriculum while focusing on preparing students for the transition to middle school. Forest Grove is committed to maximizing each child's learning experience. The Common Core state standards have dominated the curricular discussions in the 2012-13 school year, with alignment of instructional materials and strategies to the new standards.

Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parents and the community are an integral part of Forest Grove School. Teachers welcome and receive a high number of volunteers in their classrooms. School-wide functions (i.e. Back-to-School Night, Open House, holiday programs, Spooky Spaghetti Supper, Chili Cook-off, Parent Conferences, Butterfly Parade and Bazaar, Family Reading Night) are well attended. Forest Grove has an active Parent Teacher Association (PTA) and School Site Council (SSC).

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- California Standards Tests (CSTs), which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- California Modified Assessment (CMA), an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- California Alternate Performance Assessment (CAPA), includes ELA and mathematics in grades two through eleven, and science
 for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities
 prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at http://star.cde.ca.gov.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at http://www.cde.ca.gov/ta/ac/ap/.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at http://www.cde.ca.gov/ta/ac/ay/.

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

Forest Grove is a small neighborhood school with a diverse group of families. We value this diversity. We are fortunate enough to have a school counselor on staff to help students interact with each other inside and outside of the classroom. Our dedicated and seasoned staff members promote a nurturing environment and supervise our students closely. Each year we update our Standardized School Safety Plan to ensure that all members of the Forest Grove Community will be prepared in case of an emergency. Fire Drills, Earthquake Drills, Intruder Drills and other scenarios are practiced so that we all know how to respond in these situations.

VI. School Facilities

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

The school has had many improvements. The remodeling of the multi use room, science room, and art room have been completed. The parking lots have been resurfaced and restriped. In addition, more technology has been purchased and is being installed in classrooms such as Mimeo Boards, lap top computers, and LCD projectors. We purchased amplification and other sound equipment for the classrooms to enhance teaching and learning. A project to construct a new outdoor amphitheater has been approved, and construction is scheduled to take place during the summer of 2014. This will enable all students and staff to gather in the same spot on campus for assemblies and other school-wide activities.

The school, grounds and restrooms are in good repair, but we are always looking for ways to improve our site.

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

The students at Forest Grove receive instructional support in their classrooms from their teacher and a part time Instructional Assistant. Outside of the classroom, students performing below grade level in language arts and math may participate in a pull out program using supplemental materials to help close the gap between their current level of understanding and grade level expectations. We also have a Resource Program, and Two Intensive Academic classrooms serving students who need more direct forms of instruction and alternative curriculum. We also provide tutoring from our classroom teachers outside of the school day through School Improvement Program funds.

XI. Instructional Planning and Scheduling

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Each year 2 full days are dedicated to staff development. An additional hour per week is set aside for staff development and collaboration (early release on Thursday afternoons). Teachers receive an additional 170 minutes each week to ensure that they have time during the school day for preparation and parent and community contact. Grade level meetings have been held to identify students in need of additional support/tutoring, using Title I and Title III funds. For the 2013-14 school year, a professional consultant has been hired to support and lead the staff through professional development activities around Common Core State Standards - with a focus on key instructional shifts.
