School Accountability Report Card

Reported Using Data from the 2012-13 School Year

Published During 2013-14

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Additional Information

For further information regarding the data elements and terms used in the SARC see the 2012–13 Academic Performance Index Reports Information Guide located on the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

School Description and Mission Statement (School Year 2012-13)

This section provides information about the school, its programs and its goals.

The mission of Pacific Grove Middle School is to provide a quality educational experience that teaches our students the skills and abilities they need to transition into high school with self-esteem, a capacity for critical thinking, a sense of responsibility, global awareness, and respect for self and others. Our staff is committed to setting and achieving high standards of academics and behavior while recognizing and responding to the individual talents and learning styles of our students.

Pacific Grove Middle School (PGMS) is the only middle school in the Pacific Grove Unified School District. The district consists of two elementary schools (K-5), one middle school (6-8), and one high school (9-12), and one community high school. It also has an adult school which oversees adult education as well as preschool education in a variety of settings. The district enjoys deep community support. Due to high property values, the district receives property tax revenue in excess of its state "revenue limit," which is based on an Average Daily Attendance (ADA) formula. Several bond measures have been passed which have provided additional funding for building improvements. Measure D, was passed in 2006, giving the district \$42 million for facility improvements. PGMS underwent many renovations using the bond funding. A new drop off area for students was added to the back of the school. Other improvements have included a new classroom for the music program and upgrades to the Performing Arts Center. The track was paved, drainage was added, the outdoor basketball courts were resurfaced, and a play structure was built. A new set of bleachers was added to the gymnasium. New windows and flooring were installed, and the exterior was painted in the summer of 2008. Our Measure D committee, comprising staff and parents, continues to work with an architect to develop and refine projects at PGMS that will be funded through Measure D. Additional projects, including modernization of science labs, home economic kitchen, school cafeteria, physical education locker rooms, and outdoor student eating areas were completed in spring 2011.

As a philosophy, PGMS seeks to instill a sense of service to each student with the purpose of helping them improve their minds, health, and character. The middle school wants to help them prepare for success in all areas of their high school education. A demanding academic program is combined with extracurricular activities and student support services. The school's Parent Teacher Student Association (PTSA), School Site Council and staff have developed a strong, supportive partnership through which volunteer time and allocated funds are expended to improve the total school program. In addition, each program is reviewed for its rigor and effectiveness to make sure that we are meeting every student's needs.

The middle school years present students with profound physical, social and psychological changes. It is the bridge from childhood to early adulthood. PGMS takes pride in the achievements of its students along this journey as reflected by above-average test scores, an atmosphere of mutual respect among students and staff, regular community service participation, and a commitment to the visual and performing arts. Through these achievements, and others, PGMS graduates have begun the process of building their own bridges toward a successful future.

Opportunities for Parental Involvement (School Year 2012-13)

This section provides information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parent involvement.

Parents and community are an integral part of PGMS. We welcome volunteers and parents to help out in the classroom, library, and office in a variety of ways. School-wide functions (Back-to-School Night, Open House, holiday programs, parent conferences, Butterfly Parade and Bazaar, Honors Night, District Music Festival, various drama and musical productions, and Promotion) are heavily attended. PGMS has an active PTSA and School Site Council (SSC). Parents take a strong, participatory lead in assisting administration with making sound decisions for our site and students.

III. Student Performance

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB).

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

California Physical Fitness Test Results (School Year 2012-13)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school’s test results to the district and state, see the CDE PFT Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

IV. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks - Three-Year Comparison

This table displays the school’s statewide and similar schools’ API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

API Rank	2010	2011	2012
Statewide	10	9	9
Similar Schools	7	9	8

Academic Performance Index Growth by Student Group – Three-Year Comparison

Group	Actual API Change		
	2010-11	2011-12	2012-13

Two or More Races			
Socioeconomically Disadvantaged		-36	-11
English Learners			
Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group - 2013 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2013 Growth API at the school, LEA, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2012-13)

AYP Criteria	School	District
Made AYP Overall	No	No
Met Participation Rate: English-Language Arts	Yes	Yes
Met Participation Rate: Mathematics	Yes	Yes
Met Percent Proficient: English-Language Arts	No	No
Met Percent Proficient: Mathematics	No	No
Met API Criteria	Yes	Yes
Met Graduation Rate (if applicable)	N/A	Yes

Federal Intervention Program (School Year 2013-14)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE PI Status Determinations Web page: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Note: Number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

School Safety Plan (School Year 2012-13)

This section provides information about the school's comprehensive safety plan, including the dates on which the safety plan was last reviewed, updated, and discussed with faculty; as well as a brief description of the key elements of the plan.

The school maintains a safety plan that is updated annually.

Suspensions and Expulsions

Rate	School			District		
	2010-11	2011-12	2012-13	2010-11	2011-12	2012-13
Suspensions	17.83	13.7	17.7	17.56	.10	7.68
Expulsions	0	.22	2	0	.05	.10

Note: The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

VI. School Facilities

School Facility Conditions and Planned Improvements (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Description of the safety, cleanliness, and adequacy of the school facility
- Description of any planned or recently completed facility improvements
- Description of any needed maintenance to ensure good repair

In the 2009-2010 school year, the Measure D construction bond funds continued to improve our school. The dirt track was paved and drainage was installed, which in turn has improved the condition of the grass playing field. Also, several projects were begun at end of the school year and over the summer. These projects included, remodeled/updated science rooms, remodeled/updated home economics room, remodeled/updated kitchen facilities, construction of an outdoor eating facility/amphitheater, improvements in the PE locker room areas, and improved PE storage. The school grounds are maintained on weekly basis. We have a grounds worker assigned to our school, and he does an excellent job maintaining the safety and appearance of our landscaping. Our three-person site maintenance staff (on day, two night custodians), maintain the neatness of our facility. They also address routine maintenance issues as they arise. Although our building is old, it is in fine condition.

In 2010-11 the science rooms modernization project, the kitchen, the outdoor eating area, and home economics kitchen renovations were completed. In addition, four modular classrooms and an 18-space parking lot were constructed on middle school property. Also, new window coverings were installed in each of the classrooms. During the summer of 2010-11 new hall lockers will be installed.

School Facility Good Repair Status (School Year 2013-14)

This section provides information from the most recent Facility Inspection Tool (FIT) data (or equivalent), including:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The Overall Rating

School Facility Good Repair Status (School Year 2013-14)

Misassignments of Teachers of English Learners	1	0	0
Total Teacher Misassignments	1	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2012-13)

The federal ESEA, also known as NCLB, requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE Improving Teacher and Principal Quality Web page at www.cde.ca.gov/nclb/sr/tq/.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100.0	0.0
All Schools in District	100.0	0.0
High-Poverty Schools in District	0.0	0.0
Low-Poverty Schools in District	100.0	0.0

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

VIII. Support Staff

Academic Counselors and Other Support Staff (School Year 2012-13)

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	1	458
Counselor (Social/Behavioral or Career Development)	.2	---
Library Media Teacher (Librarian)	0	---
Library Media Services Staff (Paraprofessional)	1.0	---
Psychologist	.4	---
Social Worker	0	---
Nurse	.2	---
Speech/Language/Hearing Specialist	.4	---
Resource Specialist	0	---
Other	0	---

Note: One Full Time Equivalent (FTE) equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

IX. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2013-14)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected:

All curriculum for academic areas is standards-aligned and reflect that of recent adoptions. Each student has access to a home set of books as well as a set that remains at school.

Core Curriculum Area	Textbooks and Instructional Materials/ Year of Adoption	From Most Recent Adoption?	Percent of Students Lacking Own Assigned Copy
Reading/Language Arts	McDougal Littell (06/07)		0
Mathematics	Pearson/Prentice Hall (08/09)		0
Science	Holt, Rinehart & Winston (07/08)		0
History-Social Science	TCI History (07/08)		0

X. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2011-12)

Level	Expenditures Per Pupil			Average Teacher Salary
	Total	Supplemental/ Restricted	Basic/ Unrestricted	
School Site	\$13,065	\$467	\$12,598	\$86,114
District	---	---	\$12,598	\$76,460
Percent Difference: School Site and District	---	---	0.0%	13.1%
State	---	---	\$5,537	\$63,166
Percent Difference: School Site and State	---	---	130.9%	41.2%

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted.

Basic/Unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2012-13)

This section provides specific information about the types of programs and services available at the school that support and assist students. For example, this narrative may include information about supplemental educational services related to the school's federal Program Improvement (PI) status.

Categorical Programs available to Pacific Grove Middle School:

Federal:

- Title II, professional development
- Title IV, drug abuse and violence prevention programs
- Special Education, ensures students with special needs are properly assessed and serviced with a program designed to meet their needs

State:

- English Language Learners – designed to develop English fluency
- Gifted and Talented Education – identifies gifted and talented students and provides for differentiated opportunities to meet that student's needs
- Tobacco Use Prevention Education – designed to educate students regarding the negative effects of tobacco
- School Improvement Program – a program to fund programs to improve student performance

Local:

- Measure A bond fund – passed in order to improve the physical structures in PGUSD
- Measure A parcel tax – passed in order to fund specified programs throughout the district Measure D bond fund – passed in order to improve the physical structures in PGUSD

Teacher and Administrative Salaries (Fiscal Year 2011-12)

Admission Requirements for California's Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at <http://www.universityofcalifornia.edu/admissions/>.

California State University

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at <http://www.calstate.edu/admission/admission.shtml>.

Professional Development

This section provides information on the number of days provided for professional development and continuous professional growth in the most recent three year period. Questions that may be answered include:

- What are the primary/major areas of focus for staff development and specifically how were they selected? For example, were student achievement data used to determine the need for professional development in reading instruction?
- What are the methods by which professional development is delivered (e.g., after school workshops, conference attendance, individual mentoring, etc.)?
- How are teachers supported during implementation (e.g., through in-class coaching, teacher-principal meetings, student performance, and data reporting, etc.)?

Two full days are designated district-wide for staff development. Additionally, each department has been designated two complete days for curriculum planning off site during the school year. This year, an Instructional Leadership Team (ILT) was implemented at PGMS. The role of the team is to assist with the training necessary to help staff shift to the Common Core State Standards. At a district-wide meeting in the Spring of 2013, the ILT decided to focus on the literacy shift in the CCSS focusing on making regular use of complex text and academic vocabulary. This vision has been driving professional development for the 2013-2014 school year.
