

**March 12, 2020**

Dear PGUSD Parents,

In light of the current circumstances surrounding the coronavirus/COVID-19, we are asking you to please complete this very brief survey. Your responses on this survey will greatly assist us in gauging your family's access to the internet and internet-capable devices available at your home for your child/children to use to complete their school work in the event of an extended school closure. Please note, we are seeking this information only in preparation for the possibility of a school closure. We have not been ordered to close our schools by any of the health agencies monitoring this situation.

Survey Link: <https://forms.gle/AZYxaXuHyisD8YxD9>

Thank you so much for your participation.

Sincerely, Matthew Binder Director of Educational Technology, PGUSD
